

ISHAAN NAIK

West Lafayette, IN | +1 (765) 491 3559 | imussena@purdue.edu | <https://in.linkedin.com/in/ishaanmb1141>

EDUCATION

Purdue University, West Lafayette, IN

Expected by Dec 2026

Master of Science in Civil Engineering - concentrations in Construction Engineering with Leadership, Entrepreneurship and Management, GPA: 3.87/4.00

National Institute of Technology Karnataka, Surathkal, India

Jul 2019 – May 2023

Bachelor of Technology in Civil Engineering, GPA: 3.20/4.00

SKILLS

- Engineering Design & BIM: AutoCAD, Autodesk Revit, Autodesk Navisworks, STAAD Pro, Material Characterization, Non-Destructive Evaluation (NDE), ArcGIS
- Construction Management & Scheduling: Primavera P6, Procore, Gantt Charts, Network Diagrams
- Programming & Data Analysis: MATLAB, C, Microsoft Office (Excel, PowerPoint, Access), Process Simulation Tools

PROFESSIONAL EXPERIENCE

Construction Engineer

Jul 2023 – Jul 2025

Millennia Ventures and Projects Pvt Ltd

Bengaluru, India

- Orchestrated procurement for \$5M and \$3M residential projects, managing 15+ vendors and collaborating across design, finance, and site teams to ensure material compliance and on-time delivery
- Analyzed material costs, labor, and cash flow patterns, implementing controls that reduced project expenditures while maintaining quality through 50+ inspections involving MEP, HVAC, and finishing stages, including joining and bonding science considerations.
- Integrated procurement lead times into project schedules, synchronizing deliveries with critical milestones to minimize idle time and prevent delays.

Research Intern

May 2022 – Jul 2022

Visvesvaraya National Institute of Technology

Nagpur, India

- Conducted non-destructive evaluation and material characterization using XRF, Schmidt Hammer, and UPV, analyzing sandstone strength and supporting component failure analysis through technical reporting and data interpretation.

ENGINEERING PROJECTS

Strength and Durability of Light Weight Concrete Mixes

Feb 2022 – Apr 2022

- Evaluated 10+ material combinations using performance metrics to identify optimal component material and process selection strategies. Applied principles of surface engineering and tribology to assess durability and wear performance.

Accident Analysis on National Highway Stretch

Feb 2022 – Apr 2022

- Analyzed large traffic datasets to identify operational bottlenecks and recommended system improvements.

Productivity Simulation of Rubble Mound Breakwater

Jun 2021 – Dec 2021

- Modeled construction workflows using MicroCYCLONE & EZStrobe to optimize sequencing and resource use, demonstrating strong decision quality, collaboration, and effective communication in team-based simulations.

ACADEMIC HONORS AND LEADERSHIP

Dr B R Ambedkar International Overseas Scholarship

Aug 2025 – Present

Awarded by Government of Karnataka, India, to pursue Masters in Civil Engineering at Purdue University.

Office of Public Relations Chair

Sep 2025 – Present

Civil Engineers Graduate Students Advisory Council (CEGSAC), Purdue University

Managing logistics, stakeholder communications, media, and budgets for graduate student initiatives.

Creative Team Head American Society of Civil Engineers, NITK Student Chapter

Jun 2021 – Jul 2022

Led 8-member teams and coordinated with vendors/sponsors for events serving 500+ attendees.

Content Coordinator American Society of Civil Engineers, NITK Student Chapter

Oct 2020 – Jun 2021

Edited official communications and managed content for the ASCE NITK website blog.

EXTRACURRICULARS

- **Student Cook – Ford Dining Court:** Working with a team of associates to cater to the dietary needs of customers.
- **Karnataka State Pickleball:** Reached top eight in the category in the State of Karnataka, India.
